Patin Calls New Profs Fine Group

Eight Faculty Additions Help To Ease Congestion and Replace Ex-Members

Calling on them for "a real conbution to Shaker life," Mr. Patin day termed Shaker High's eight new teachers "an outstanding group " Made necessary by increased enrollment and continued absence of several of last year's faculty, the new teachers are making a uniformly excellent impression on students, according to a survey made by the Shakerite.

Mr. Storms, popular teacher of mechanical drawing and math, attended the University of Michigan. where he majored in engineering. Living in Berea, he is married and has a daughter, Janet Lee, three.

Also a graduate of Michigan, Miss Jackson comes to Shaker after several years at Hazel Clark High School near Detroit. This summer she obtained her Master's degree in English, which she teaches.

Mr. Miller, math teacher, comes to Shaker after several years of teaching in the suburbs of Detroit. He attended North Central College near Chicago.

City Council Faces Fight On New Law

Student Drivers Attack 18-Year-Age Limit With Hot Words At Council Meeting

At the city council meeting of September 14, approximately sixty Shaker High students rose in protest against the new age-limit driving law. In true citizen-like fashion the pupils expounded their opinions of the new law and of the problems which have resulted from its passage. Student transportation to and from school, and the possible carelessness of young drivers were dis-

Doctor O. P. Kimball, Attorney Clinton M. Horn, and Mrs. Bishop, Shaker High instructor, spoke in favor of a less stringent law,

Mayor Van Aken suggested that the students return to the next council meeting, October 12, accompanied by their parents, so that the viewpoint of more adults might be known.

As the law stands at present, no Halls have become an established fac- person between sixteen and eighteen tor in our school life. Their purpose years of age shall be permitted to drive a motored vehicle unless accompanied by a parent. A fine of not less than five dollars nor more culties are brought up before the Cen- than fifty dollars wil be imposed upon

Shaker Gets New Pupils From All Points of U.S.

Happy New Year!

ODAY marks the close of the third week of school Sophomores, as well as juntors in this display of talent, any member the audience arose while the orchestra and seniors, now have a fairly good idea of their forthcoming year at Shaker High,

Some students have found that school is not entirely a matter of study. Success of the budget Folies Bergeres It is obvious that style and technical skill which charsale and the increasing popularity of various this "piece de resistance" is staged acterizes the New York musicals. school organizations and clubs show that this year's students are combining their work with extra-curricular activities to increase the interest of school life.

Those who seek scholastic recognition have ever, New York producers might learn clah Rice in the title role. The formal bent their forces in this direction. Others have thrown themselves into the line of sports with an equal enthusiasm.

In short, practically every student has started this year with a definite aim; each person intends to obtain certain social, physical and scholastic benefits from his activities in Shaker High.

To these people we say, "Good luck in attaining your ambitions, and may this school year be a pleasant one!"

Repeal the Driving Law!

THE new law establishing 18 as the minimum driving age has aroused the anger of Shaker students. The Shakerite believes this anger justified. Youthful drivers may not be the most careful in the world, but they are certainly not the most reckless. In their behalf and in the behalf of sane driving regulations, we submit these facts.

Accidents in the age group between 20-24 have increased 27% more than in the 15-19 group. Drivers under 18 are involved in only 14% of fatal accidents. More important, the ratio of drivers under 18 to fatal accidents 18 39 % less than the ratio of those over 65 Any doctor will tell you that a 16-18 year youth is physically far more capable of driving than a sickly old person.

Most states realize these facts. 23 have age limits under 16 or none at all. Yet their accident records are often better than states with a 16 or 18 year limit. For example, by reducing its accident fatalities 63 % since 1933. Rhode Island has become the safest state in the nationand its minimum is 16. The Rhode Island fatality is exactly half of New York's where the limit is 18. The same proportions hold true in city statistics. Providence has a fatality rate only half as high as Rochester's. And Milwaukee with a 14 year minimum is the safest large city in America.

This record is particularly revealing It shows that Principals, teachers, and school secage limits and safety are not related. The best results retaries were among those present at have been obtanied not by taking away the right to drive, a meeting and informal tea held by but by developing scientific safety programs. School outo the Teachers' Federation in the Senclubs have proved tremendously successful in 24 cities for High cafeteria on Wednesday, For example, Providence has decreased its accidents 43% September 16 Mr. Simpson, presiin the four years that this club and like safety measures dent of the Federation, welcomed both for all ages have been in operation

But instead of facing the problem scientifically, the honor the tea was given. Dr. Loomis Shaker Council could think only of taking cars off the then discussed plans for the coming street. Why was this law passed? Because there were year, a great number of accidents involving student drivers? Assisting at the tea were several runner-up for the District Open Golf No, the law was passed because the Cleveland Safety members of the Genonkwenon, under Council lobbied for it and because a 15-year-old boy had a the chairmanship of Anne Monson, National Amateur Tournament, are serious accident-not in Shaker, but in Lakewood. More They were Barbara Narten, Lucy Bax- at Amherst. important, the Shaker record has been consistently good- ter, Virginia Horn, Eleanor Hinig, Bob Williams, track star, Ketth a full eight points better than Cleveland's in 1935.

Shaker students seek no special privileges. They ask the Council only to face the facts.

Coach Reces tained drive featured Roberts, Kim- to stop right there, ball, Krejsa, and Lopiccolo in the lead roles with Roberts smashing his tion of new fall colors but of the way through the defensive for the new, re-decorated Shaker football first touchdown. Sinclair, who had team. been replaced by Lopiccolo, returned to the game for a successful converglon.

Later in the second quarter Shaker again marched down to Hay's 5-yard line. Two attempts to put the ball over failed as Hay staged a gallant defensive In desperation, a pass was thrown on the fourth down which was not good, as a lineman caught it. The third period closed with Shaker trying unsuccessfully to score another touchdown after Davis had fallen on a Hay pass on the 9-yard line.

A scoreless third quarter marked an of the boys' physical education deintercepted pass with an exchange of partment is planning on greatly the ball after but a few downs.

An exciting last period was notable activities. In addition to the former for the offensive play of John Hay, sports of riding, archery, football Led by Philips, a great player who and swimming, he wants to develop a can kick, run, and pass, the green-clad golf class for beginners and a crossboys scored their first touchdown. A country track team for those who are 25-yard pass from Philips to Leinert interested. The cross-country runbrought the ball to the one-half-yard ners will compete between halves of line, from which Berkowitz crashed the home football games. through. The try for the extra point failed. Maddened by this the Red Raiders opened up once more and a triple reverse to Lopiccolo took the ball to Hay's 7-yard line. Kimball went through tackle for the second tally, and Lopiccolo kicked the extra point. MacNab kicked the ball over the goal and it was run back to the 3-yard stripe. Taking the ball on successive downs and with but a minute to go, Shaker tried desperately to score. Two passes were knocked · J down and the gun went off as the Raiders prepared to try again.

John Hay displayed a scrappy line and a backfield featuring Philips and Berkowitz. Although the game produced a hollow victory it marked the beginning of a successful season; the long distance kicking of Bob MacNab; and the entrance of a strong backfield composed of Roberts, Kimball, Krejsa, and Sinclair. On the line Davis, Co-The regulations were explained, after mella, MacNab, and Duncan deserve comment.

. Pool Open to Girl Swimmers

Shaker's swimming pool, under the direction of Miss Rosalie Shupe, will be open for girls every Thursday at the usual fee of one dollar a semester. There will be classes in swimming, diving, and life-saving, if the demand warrants it.

We hope that our Red Raiders have recovered from their opening game scare when the unheraided John Hay team gave our boys a decided headache before they finally staggered in with a hollow victory.

It is highly possible that they went into the opening game with a certain degree of over confidence, and the in-Wears Crimson evitable outcome was an unwelcome surprise.

At last the Shaker men have their In the past two years after their

which we can well be proud,

tain in 1934, will probably win a regular berth on the Ohio Wesleyan team this year, while we look for Vic Petrone, Shaker grid captain in 1933, to hold down one of the ends at Brown University.

This is the first season in eight years that a Quayle has not taken the field for Shaker, and the absence of their names in the line-up may be felt more than once in years to come.

Three former Shaker players, Jack Nathan, Joe Quayle, and Warner Ahlman, are now members of the John Carroll football squad which in the past few years has been like a floundering boat in a storm, but is now starting to rebuild and should once again come up to their former stand-

Shaker Opportunity to Outshine Opponents

With one game already registered in the victory column, the Red Raiders will tackle Shaw's pigskinners at Shaker Field tomorrow at 2:30.

This year's Shawmen are coached by Travis Rees, former Ohio State end and a member of the collegiate all-star team,

Shaker Men Have Stadium Hopes

With John Hay ringing up the curtain of the 1936 season, Shaker once more puts in a strong bid for chamcomposed of many of last year's Coach Wyckoff has back Bill Kimball,

is that the new hip pads do not allow learned in last week's game. With the about 160 pounds, while the line tips heavier linemen are Comella, MacNab. The Shaw schedule is composed of Pat Brooks, Shaker football cap- the person of Bob MacNab who has play each game as it camebeen kicking the ball over the goal Both teams fight hard, as the recline in practice sessions.
